

J & J Sweeping

...provides services designed to provide consistently great results each and every time.

J & J Sweeping's Philosophy of Service Excellence Means:

Industry-Leading Methods, Training and Procedures

- High quality service delivered in a consistent, dependable and knowledgeable manner.
- Ongoing education designed to keep company methods up-to-date with the latest Best Management Practices as well as with local, state and federal regulatory information.
- We are committed to being leaders in the industry as a top echelon sweeping company, always at the forefront of industry methodology, equipment and information.

An Outstanding Level of Service

We sweep in an established manner each night. You will not see sand build-up on properties swept by J & J Sweeping, nor will you see build-up in the corners of your property or trash in your landscaping.

Our procedures include:

- sweeping all parking areas near and far from the building,
- cleaning around curbs and wheel blocks,
- blowing off sidewalks and other areas inaccessible to sweeper,
- handpicking (when needed) natural and landscape areas,
- change-out of trashcan liners, as requested by client

Use of Correct Equipment

- We maintain our equipment so that it will perform to manufacturer's OEM specifications. This helps to ensure your property will receive optimal results.

Motivated Employees

- The management of J & J Sweeping provides the tools to ensure a high level of performance.
- We have a management oversight system that ensures the most thorough and reliable service procedures available.
- Our employees are proud of their company and their work. You'll see this enthusiasm reflected in their service.
